PROJECTS

Trip Planner Website. Developed a full-stack trip planning service with dynamic front-end and back-end components. The website offers customizable itineraries, real-time support, secure payments, and travel insurance options.

Grammar Error Detection Using NLP. Developed an NLP-based model to detect and correct grammar errors in English. Utilized Python, NLTK, and machine learning algorithms to perform sentence parsing and correction. Enhanced model accuracy through feature extraction techniques and evaluation using WEKA.

LEADERSHIP

President Of Adventure Club, SR University 2024-2025 Led and organized adventure trips and campus activities for 500+ students. Managed logistics, safety protocols, and event planning to ensure successful execution.

Branch Representative, SR University 2022-2025 Elected by peers through student voting and served as Class Representative for 6 consecutive semesters since the 1st semester.

Member, National Service Scheme(NSS) SR University, 2023-2025 By contributing to community development and national service initiatives. Supported programs focused on education, public awareness, environmental sustainability, and social welfare.
